

... so geht sauber!

Just Viscose+

Wet wipe cloth with anti-bacterial effect

A special coating ensures that there are no synthetic fibres in the fabric and we can therefore offer 100% viscose! This means we are taking a big step towards a plastic-free product. Hard-wearing, machine washable, with excellent cleaning performance, it is a very sustainable support for professional maintenance cleaning! The treatment with silver chloride prevents the growth of microorganisms and the development of odours are reduced.

- Sustainable
- Durable
- Reusable
- Highly absorbent
